

INVITING EXPRESSION OF INTEREST

SEEKING EXPERIENCED SKILL DEVELOPMENT PARTNERS WITH EXPERTISE IN POWER TRANSMISSION SECTOR TRAINING CENTERS

Resonia Limited is a leading transmission infrastructure company with a geographically distributed portfolio of high-voltage assets across 30 projects spanning 14,000+ circuit kilometers including 9 under-construction projects in India (worth approx. ₹15,000 crore).

We are seeking EPC partners to help us solve for complex Operations and Maintenance challenges.

THE ASK

- Design and deliver competency-based skill training, competency bases courses incorporating theoretical and hands on modules for power transmission (foundation, erection and stringing), community impact and sustainability
- Use tech-enabled platforms for simulation, e-learning, assessments with certification
- Build scalable, multi-location infrastructure for large-scale training, stakeholder management and outcome tracking

Interested parties who have done similar work are requested to submit the following by 31st October 2025 to eois@resonia.com or by visiting <https://resonia.com/expression-of-interest/>
